

## AROUND THE EARTH

### OCCURRENCES THEREIN FOR A WEEK.

#### BAD KANSAS STORMS

##### NO LESS THAN DOZEN TORNADOES REPORTED.

Eight distinct funnel shaped clouds seen near Kanopolis—Destruction of property must have been considerable.

Kansas City: Half a dozen distinct tornadoes occurred in central Kansas Sunday afternoon, following a day of exceedingly high temperature. Two people are known to have been killed and three injured.

A special from Ellinwood, Kan., says: "At 5:30 o'clock Sunday afternoon a tornado visited Logan township. At the Cheyenne bottoms, six miles north of Ellinwood, it divided in six different directions and destroyed the residences of George and William Helfrich. George Helfrich and wife were instantly killed. William Helfrich, his wife and child were badly hurt. Further into the country a number of other persons are reported killed or injured. A large amount of stock was killed."

A special from Larned, Kan., says: "A tornado passed southeast of here at 6 o'clock Sunday evening and struck near Pawnee Rock, three miles distant. Four separate funnel shaped clouds are reported to have been seen in the direction of Great Bend."

Near Kanopolis eight distinct funnel shaped clouds developed within a radius of twenty miles, four of them large ones, and two of which are known to have traveled over the earth for a space of twenty-five minutes. One of the storms tore down all of the outbuildings, granaries and windmills on the White farm, three miles north of Kanopolis, and another tore down the house and barn of a farmer north of Ellsworth.

Brookville reports six tornadoes traversed the county in as many different directions from that town, without touching it. In no instance are details reported.

##### GREAT FIRE IN NEW YORK.

Mallory Line Pier Burned with a Loss of \$1,000,000.

New York: A fire that started at the river end of the Mallory steamship pier, at the foot of Maiden Lane and the East River, early Sunday morning completely destroyed the pier and its valuable contents. The police place the cost at \$1,000,000. Several barges which were moored near the pier were also destroyed, and many residences of their captains and of the members of the families on board were made. Only one life was lost. The 9-month-old daughter of Capt. Charles Lochs of the barge Sherwood was drowned. The Mallory line pier was 200 feet long and 50 feet wide.

The scene on the water was a most exciting one, for the river was filled with steamer craft engaged in towing the various vessels and barges to safety from their dangerous positions. Four cotton barges, others laden with corn meal, and some loaded with coal, caught fire and were destroyed. Some of them were also sunk to prevent the further spread of the flames.

A number of buildings on South street were scorched, and several were emptied of their tenants, who feared that the buildings would be burned.

Henry Mallory said he had no idea how the fire started, and could form no adequate idea of the loss or approximate the amount of insurance.

##### GEN. GARCIA CAPTURED.

Lieut. Smith Takes In the Insurgent Officer.

Manila: Gen. Pantelion Garcia, the highest insurgent officer except Aguinaldo, was captured Sunday by Lieut. E. V. Smith of Gen. Funston's staff, in the town of Jaen, three miles northeast of San Isidor, province of New Eja. Jaen is the largest ungarrisoned town in the province. Spies reported that Garcia was sick and had been compelled to hide there, and Lieut. Smith, with Lieut. Day and forty cavalrymen, surrounded the town. The spies led them directly to the house, where Garcia was disguised as a peasant, only a major and two servants being with him. These also were captured. Garcia commanded all the insurgents in central Luzon, several generals, including Pio del Pilar and Mascardo, being under him.

##### DEATH OF ENDICOTT.

Cleveland's Secretary of War Succumbs to Pneumonia.

Boston: William Crowninshield Endicott, secretary of war under Cleveland's first administration, died at his residence in this city Sunday evening of pneumonia, aged 73 years.

##### Martinique Is Jubilant.

Kingston, Jamaica: Inter-island advice received here Monday says Martinique is jubilant over the news received there from France that 9,000,000 francs had been appropriated for strengthening the fortifications of Fort du France. A newspaper of that town, Les Antilles, says:

"After this, English may come."

##### House Passes Civil Bill.

Washington: The house has passed the sundry civil bill. It carries slightly more than \$61,500,000, about \$10,000,000 more than any previous sundry civil bill.

##### Automobiles for the West.

New York: The Cosmopolitan Power Company, with a capital of \$40,000,000, which is believed to be allied with automobile interests of this city, has been organized in Jersey City. The company is to manufacture automobiles for the west.

##### Deserter is Arrested.

Sheridan, Wyo.: Private Donnelly, Company B, First Cavalry, Fort Russell, who deserted not long ago, has been arrested here and will be sent to Russell for court-martial.

## BOERS FALL BACK.

British Meet With Some Success East of Bloemfontein.

London: The war office has received the following from Roberts under date of Bloemfontein, May 3: "Hamilton met with considerable success and drove the enemy out of a strong position they had taken up at Houtnek with comparatively small loss to us. The Boers were dispersed in several directions, mainly to the east and north, leaving 26 prisoners in our hands, including a commandant and 16 other wounded men. Hamilton is now in camp at Jacobus. As the men needed rest after fighting seven days out of the last ten, I ordered them to halt for a day. Broadwood's brigade of cavalry arrived upon the scene in time to afford valuable assistance by threatening the enemy's rear. During the afternoon Ian Hamilton was joined by Bruce Hamilton's brigade of infantry.

"The enemy admit 12 were killed and 50 wounded. Among the former was Lieut. Gunther, a German officer, belonging to the Fifty-fifth Regiment, and among the latter was Maximof, Russian commander of the foreign legion. Twenty-one out of 62 of the enemy's casualties occurred amongst the members of that legion. Two Frenchmen were killed."

Brandfort: Brandfort was captured by a combined movement of Col. Tucker's and Gen. Pole-Carew's divisions on the east and center and Gen. Hutton's mounted infantry on the west. The British surprised the Boers, who retreated hastily.

## CAUGHT IN A TRAP.

American Reconnoitering Party Ambushed by Filipinos.

Manila: A dispatch received here May 3 from Iloilo reports a desperate fight took place at Leabene, in the center of the island of Panay. It appears a reconnoitering party of the Twenty-sixth Infantry was surrounded, four Americans killed, and sixteen wounded were left on the field. The remainder of the soldiers had a narrow escape. Re-enforcements were sent from Iloilo as soon as news of the affair was received, whereupon the Filipinos retreated to their mountain stronghold.

## MAJ. KIRKMAN GOT DRUNK.

Reason for the Dismissal of the 40th Infantry Officer.

Washington: The war department has received from Gen. Otis, at Manila, records of proceedings of court-martial in the cases of six commissioned officers. The chief of these cases is that of Maj. Geo. W. Kirkman of the Forty-ninth Volunteer Infantry, who was dismissed from service by order of Gen. Otis on his conviction by court-martial of conduct unbecoming an officer and a gentleman in having misbehaved in appearing on the streets of Manila in a drunken condition.

## REVISED CUBAN TARIFF.

It Will Go Into Operation June 15 Next.

Washington: The war department has decided that the revised Cuban tariff shall go into operation June 15 next. It is stated that the purpose of revision is to make good grave defects in the Porter tariff as a revenue producer, and it is also sought in the revision to stimulate the introduction into Cuba of American goods, which have so far not been received in Cuban markets to anything like the extent anticipated when the original tariff was arranged.

## Anthracite Coal for Russia.

Philadelphia: The British steamer Accomac has been chartered to load 3,500 tons of anthracite coal at this port for Kronstadt, Russia, at the rate of 17 shillings a ton. This will be the first large quantity of coal that is about to be shipped from here to Russian ports in the Baltic sea. So far as can be recalled the cargo will be the first anthracite coal ever shipped to Russia, bituminous coal having had the call heretofore.

## Quadruple Killing in Texas.

Fort Worth, Tex.: A meager report received here gives information of a quadruple killing at Quanah. Two of the men are Lute and Cane Beach, but the names of the other two are not known here. The trouble originated over a grass lease. The men met on the public thoroughfares and opened up a fusillade with Winchester. All four men are prominent cattlemen. The Beaches live at Stephenville, Erath County.

## Democratic Landslide.

St. Paul, Minn.: The municipal election here seems to have been a regular Democratic landslide as compared with two years ago, when the Republicans carried everything. The Republicans concede the election of Robert A. Smith, Democrat, for mayor by at least 1,000, and the whole Democratic ticket is probably elected.

## Rival of Standard Oil.

Denver, Colo.: The Times says that the Superior Oil Company, which has filed articles of incorporation at Cheyenne, Wyo., and is capitalized at \$10,500,000, will enter into competition with the Standard Oil Company and Continental Oil Company in the territory west of the Missouri River.

## Riots in Bulgarian Towns.

Sofia, Bulgaria: Demonstrations have occurred at Vidin, Tirnova and other towns as protests against the new tithe tax law. Martial law has been proclaimed in the Rusechuk district, where the peasants have killed the mayor of one village.

## Sultan is Still Silent.

Constantinople: The porte has not replied to the American note regarding indemnity claims.

## Train Goes Into Bay.

San Francisco: An engine and seven empty cars of the Santa Fe road were thrown into the bay from the new Santa Fe wharf in this city by the breaking of an apron. No one was killed so far as known.

## Gooble Murder Case.

Frankfort, Ky.: Judge Cantrill the other day ordered a change of venue to Scott county for the trial of Powers, Davis, Youtsey and others, charged with complicity in the Gooble murder.

## UTAH MINE HORROR.

Several Hundred Lives Blotted Out by Explosion at Seefeld.

Salt Lake City: Two hundred and one bodies had been recovered from the Pleasant Valley mine at Seefeld up to Wednesday night. It is now known between 300 and 400 men entered the mine, a great majority of whom were killed.

This mine had been worked over twenty years, and had the reputation, according to State Mine Inspector Thomas, of being one of the best ventilated and protected in the west. He states that he inspected it less than five weeks ago, and believed it entirely safe at that time. It never had bad air and always had been free from gas, and as the coal is all loaded with shovels there could not have been a large accumulation of dust. Nine-tenths of the men killed were Americans and Welch. The former came mostly from Utah, with a small number from Tennessee and Colorado.

Whether it was a power explosion or a dust explosion, or both, has not been decided; in fact, no one had any thought but the rescue of the injured, and the recovery of the dead and the relief of the suffering. The financial loss to the company cannot be estimated, but it will be very great. In every way it is regarded as the worst disaster that ever occurred in this part of the country.

## OTIS HEADS OFF CHINESE.

Issues Order to Stop Evasions of Immigration Laws.

Manila: Major General Otis has issued an order which will have the effect of stopping evasions of the Chinese immigration laws. Instead of the certificates of former residence issued by American consuls at Chinese ports, the Chinamen desiring to enter the country must produce credentials proving former residence, with proof that they still have property or domestic interests in the Philippines. Hitherto a surprising number of Chinamen have been arriving under consular certificates.

Another order making changes in the Spanish criminal procedure has been issued, giving an accused person the rights of habeas corpus, of being confronted with witnesses against himself, of open trial, of exempting the accused from testifying against himself, establishing the American system and abolishing the priests' exemption from trial by the civil courts for crimes and misdemeanors.

## PORTO RICO AWAKENS.

New Life Is Put Into the Industries of the Island.

San Juan, Porto Rico: Correspondence of the Associated Press: Merchants, planters and farmers and all men engaged in Porto Rican industries who have been withholding operations pending congressional action are now ready to invade the commercial field, and shipments of sugar and tobacco will soon be dispatched to the United States. It is interesting to note in this connection that the retail price of cigars will soon be raised, retail dealers claiming that this step will be necessary on account of large shipments to the United States. Three steamers leaving here within the next few days will carry over 6,000 tons of sugar and about 1,500 bales of tobacco.

## Lithuanians Get a New Trial.

Pottsville, Pa.: The long delayed decision of the court relative to a new trial for the seven Lithuanians, who were found guilty in November, 1899, of the murder of Joseph Rutkowski at William Penn, has resulted in an order for a new trial which will be held at the May term of criminal court. These seven men at their first trial were found guilty of killing Rutkowski, whose death, it is asserted, was decided upon by the "Zukos" society, a secret organization, of which all were members.

## Girl Found Dead in Woods.

Peoria, Ill.: Bertha Hoffman, a girl of 19, and daughter of a well known cigar manufacturer, was found dead in the woods near Prospect Heights on the 24 inst. She was shot through the head with a revolver, which was found tightly gripped in her right hand. Charles Briggs has been arrested on suspicion.

## STATE OF NEBRASKA

### NEWS OF THE WEEK IN A CONDENSED FORM.

Bank of Staplehurst Entered by Burglars and Over a Thousand Dollars Taken—There Were Five Men in the Gang.

The safe in the Bank of Staplehurst, six miles from Seward, was blown open by burglars April 29. There was \$1,804 in the bank when it was closed the previous night. About \$265 in gold was found in the rubbish, the burglars getting the balance. The safe as well as the building is a complete wreck. George Helmke, who was sleeping in a livery barn near by, was aroused by the explosion, but found two men standing guard in front of the barn and one at the rear, and could not give an alarm. There were five men in the gang, and it is supposed they left on a hand car. Bloodhounds were used in an effort to capture them.

## SENIORS IN REBELLION.

Majority of Class Suspended at Fremont High School.

When a session of the Fremont high school opened a few mornings since only nine of the thirty members of the senior class were present and three of them left during the afternoon, the entire twenty-one being practically suspended. The cause of the trouble was the removal of the clapper of the high school bell by a committee of the seniors. The bell was recovered the day after it was taken and the seniors owned up to taking it and apologized.

According to the rules of the school those having a percentage of 90 or over in all studies are not obliged to take the final examinations. Superintendent Laird informed the class that all of them must take the examinations or they would not be allowed to attend school and required them to decide at once. Only three agreed to take the examinations. There are six who would be obliged to take the examinations anyway, as they have not the required standing.

The class complain that the punishment is unjust, as it is no punishment at all for six of them, and also say that the juniors have been guilty of much worse conduct than they and have escaped punishment. The matter will come before the school board and it is probable some kind of a compromise will be made. The seniors say that they intended to return the clapper. As several of the seniors were members of the base ball nine, the game scheduled with the Omaha high school has been canceled on the theory the seniors say that those players are no longer students of the school.

## NEBRASKA CROP BULLETIN.

Wet Weather Favorable to Small Grain and Grasses.

The weekly crop bulletin of the weather bureau says: "The past week has been warm and wet, with more than the normal amount of cloudiness. The daily mean temperature for the week averaged 10 degrees above normal in the eastern and 7 degrees in the western counties."

The rainfall has been above normal in all parts of the state. In the central and eastern counties it exceeded an inch, and in a considerable portion of this area it exceeded 2 inches.

In a large portion of the state rain fell on every day of the week, keeping the ground wet and preventing any substantial progress in plowing for corn, and practically no corn was planted. The continued warm weather has been exceedingly favorable for the growth of wheat, oats and grass. All small grain is in fine condition. Grass has grown sufficiently to furnish good pasture for cattle. Peach, apricot and cherry trees are full of blossoms.

## Republican State Committee.

The following is the state central committee selected by the Republican convention at Lincoln:

First—F. W. Samuelson, Humboldt.  
Third—David Brown, Nebraska City.  
Fifth—S. G. Clark, Ithaca.  
Seventh—A. D. Beemer.  
Ninth—B. F. Hanna, Greeley Center.  
Eleventh—S. J. Wicks, O'Neill.  
Thirteenth—Frank H. Young, Broken Bow.  
Fifteenth—H. S. Miller, Grand Island.  
Seventeenth—William Husenetter, Lincoln.  
Nineteenth—George S. Emery, Beatrice.  
Twenty-first—John E. Hasty, Fairbury.  
Twenty-third—J. M. Cox, Hampton.  
Twenty-fifth—E. C. Webster, Hastings.  
Twenty-seventh—Frank M. Rathburn, McCook.

## Hebron Farmer Hangs Himself.

E. W. Mall, a farmer and mail carrier between Hebron and Kiowa, committed suicide by hanging himself to a tree in his dooryard in the southwestern part of the city. He got up shortly before daylight and when his wife arose a little later she found him hanging from the limb, which was so low that his toes nearly touched the ground. Domestic infelicity and financial reverses are supposed to have been the cause of the deed.

## Fight with Boiling Water.

As a result of a quarrel between two boys at Nebraska City in the cutting room of the packing house Ted Smith is probably fatally scalded by boiling water. Smith was at work near a tub of boiling water when Life Coager came for a bucketful. Some words passed between the two and Coager threw the contents of his bucket over Smith. Coager was placed in jail and it is feared Smith will die.

## Herdman Takes the Oath.

Lee Herdman has taken charge of the clerk of the supreme court's office and filed his oath of office with the secretary of state, his bond having been filed several days ago. The bond and oath of office of Wilbur F. Bryant, deputy supreme court reporter, were also filed.

## Dies on Her Way Home.

Mrs. John Flaker of North Bend died on No. 7 Union Pacific train while returning home from Omaha. She had been a patient in the Presbyterian hospital for some time. The doctor in charge requested her father to take her home.

## Old Grudge Ends in Murder.

Near Howell on April 30 Joseph Slama went to the house of Frank Chady, a neighbor, and fatally shot the latter as he lay in his bed. Slama then went to the cemetery and killed himself. The men have long been enemies.

## ACCUSED OF MURDER.

Belief that Mrs. Frost of York Poisoned Her Husband.

Mrs. Margaret Frost, widow of Charles W. Frost, who died at York recently, supposedly of strychnine poisoning, has been arrested, charged with the murder of her husband. She is now in the county jail, where she will remain, pending an inquiry. An attempt on the part of her attorney to have her released on bond met with failure, as the authorities fear she would improve the first opportunity to leave town. The warrant was served upon her by Constable J. H. Altfach, and is technically known as a coroner's warrant. It sets forth that a large amount of evidence has been considered by the coroner's jury, and that from such evidence "we suspect that Margaret Frost killed and murdered the said Charles W. Frost by administering to him some deadly poison, with deliberate and premeditated intent and for the purpose of murdering him." It adds that she will be retained in custody until the state chemist at Lincoln has finished his analysis of the stomach of the deceased, which will be within the next two weeks. Until then the jury will adjourn from day to day, meanwhile considering such new evidence as may be adduced. The last heard from Charles Kirby, the commercial traveler with whom Mrs. Frost is supposed to be infatuated, he was in Adrian, Minn. She received a letter from him written at that point a few days before her husband died.

## Dies in Barber's Chair.

John Orr, one of Dakota County's most prominent citizens, died at Dakota City suddenly May 1 while sitting in a barber's chair waiting for a shave. Rheumatism of the heart, with which Mr. Orr had been afflicted for some time, was the cause. Mr. Orr, who was apparently quite well, came down town for his mail and then went to the barber shop for a shave. He climbed into the chair and settled back while the barber lathered his face. Very soon after he gave a sudden gasp and in a moment more death claimed him.

## Agricultural Society Disbands.

The Dodge County Agricultural Society, after an existence of about twenty-five years, at a recent meeting passed a resolution to close up the affairs of the society. A special meeting was called to wind up the business of the society within sixty days. The assets of the society, after paying all debts, will be divided among life members—those who have paid \$10 each—who give notice to the secretary on or before June 29.

## Show Fleeces the Farmers.

During the performance of the syndicate show at Stanton last week about \$600 was fleeced out of the patrons of the show by means of the shell game. Several prominent parties were buncoed out of from \$40 to \$80 each. The gambling was all done under one of the show tents. There were also numerous complaints of short change, generally among small children.

## Two Cents in the Treasury.

The old village board of Deatur held its last meeting and the new board has been installed. They commenced business with a capital of 2 cents in the village treasury, that amount being the surplus over and above all expenses of last year. The doors of the saloons have closed and for the next year Deatur will drink water.

## Farmer's Cattle Poisoned.

John Cooney, a farmer living six miles west of Deatur, upon going to his barn the other morning, found that several of his cattle had died during the night. Dr. Shaffer, a veterinary surgeon, from Tekamah, was called and pronounced the deaths due to strychnine poisoning. No arrests have been made.

## To Handle Texas Cattle.

The Burlington at Wymore is preparing to handle 3,000 cars of Texas cattle from Concordia to the northwest between now and June 15.

## No Slot Machines for Ashland.

The city council of Ashland has by unanimous vote passed an ordinance prohibiting slot machines from being operated in Ashland.

## Nebraska Short Notes.

Neligh is now an international money order office.

The Baptists of Tecumseh propose to erect a new church.

Reports from all parts of the state indicate small grain is in fine condition.

Pawnee people have formed a stock company and will start a creamery and cheese factory.

The rainfall throughout Dawes County has been very heavy during the last two weeks. The ranges have not been in a better condition for years.

The Louisville Knights of Pythias, who for the last year have been members of the Springfield lodge, organized for themselves at Louisville last Thursday evening.

There will be 1,000 cars of southern cattle shipped to Chadron and vicinity in the next few weeks to be placed upon the excellent range which is afforded by the recent rainfall.

A destructive prairie fire swept the country for a distance of about ten miles four or five miles southeast and east of Ewing Sunday night. A large number of farmers lost all their hay.

Prof. S. D. Deals, for thirty-nine years in the service of the Omaha public schools, died April 28 at the age of 74, of hemorrhage of the lungs, supposed to have been induced by over exertion in his garden.

Frank Belmer of Neligh was working on a false wall for a brick kiln when it fell, burying him under the debris. He was alive when dug out and no bones were broken, but he was severely injured internally.

The 2-year-old son of William Noble, a farmer living south of Peru, tipped a tub of boiling water over on himself and was fatally scalded from the neck to the feet. His injury proved fatal and he died in a few hours.

The youngest son of Mr. and Mrs. Ed Tanner of Hastings had his ankle broken while getting out of a cab. The accident was caused by young Tanner falling and having his leg catch in the wheel just as the car started.

Claus Ausmus, a young German farmer living four miles south of Winslow, had a good team of horses stolen recently; one was a bay and one a sorrel draught horse.

Last week County Treasurer Spelman paid off \$2,000 of the railroad bonds voted by Central City in 1880. The bonds were not due until July 1, but his offer to take them up at once and stop the interest was accepted by the holders.

The other night the whistle at the Green Industrial school blew an alarm three different times just at dusk. Three girls had escaped, two colored and one white. Superintendent Weber captured the girls later. They stuck in the mud.

## STATE TICKET NAMED

### SPEEDY WORK BY REPUBLICANS AT LINCOLN.

In About Four Hours It Nominates an Entire State Ticket, Chooses Delegates to the National Gathering and Adjourns.

Governor—Charles H. Deltrich of Hastings.

Lieutenant Governor—E. P. Savage of Custer.

Secretary of State—George W. Marsh of Falls City.

Treasurer—William Stauffer of Cumings.

Auditor—Charles Weston of Sheridan.

Attorney General—Frank N. Prout of Gage.

Land Commissioner—Geo. D. Fulmer of Nuckolls.

Superintendent of Public Instruction—Prof. W. K. Fowler of Falls City.

Delegates at Large—Edward Rosewater, Senator John M. Thurston, John H. McClay and John A. Ehardt.

Alternates—Norris Brown, Mr. Snodgrass, H. C. Baird and Charles Kaley.

Presidential Electors—John F. Nesbitt, R. B. Windom, Edward Royce, L. W. Haig, S. P. Davidson, Jacob L. Jacobson, John L. Kennedy and John J. Lander.

The foregoing ticket was placed in nomination in the Republican state convention held at Lincoln May 2. With the exception of attorney general and land commissioner all the nominations were made by acclamation.

The contest over delegates at large, the crux of which was the fight made on United States Senator Thurston, caused intense excitement while the roll was being called, but when the result of the ballot came, showing that both the senator and Edward Rosewater of Omaha who headed the anti-Thurston movement, had been elected the convention gave itself up to the wildest cheering.

The convention assembled at 2:30 p. m. and shortly before 7 o'clock had finished its business and adjourned sine die.

State Chairman Orlando Teff called the convention to order, and after the reading of the call by Secretary Mallilie, introduced as temporary chairman George E. Jenkins of Fairbury.

Mr. Jenkins, in a speech, strongly indorsed the national administration and made a strong plea for the selection of a ticket which would amalgamate all Republican interests in the state and expressed the belief that such a course would insure the return of Nebraska to the Republican columns at the November elections.
